

PFC COROFIL COATED PANEL

Safety Data Sheet

Revision Date: 23/03/17

Section 1: Identification of the Product and of the Company

- 1.1. Product Identifier:** PFC Corofil Coated Panel
- 1.2. Identified use of Product:** Designed to firestop mechanical and electrical services passing through fire rated walls.
- 1.3. Company:** PFC Corofil
Units 3 & 4, King George Industrial Estate
Davis Road
Chessington
Surrey KT9 1TT
Tel: +44 (0)208 391 0533 (hours of operation 09:00-17:00 Monday-Friday)
Fax: +44 (0)208 391 2723
Email: tech@pfc-corofil.com

Section 2: Hazards Identification

Hazards Identification: Not applicable

Section 3: Composition / Information on Ingredients

A high density mineral fibreboard coated on both faces with fire rated acrylic coating at 1mm thickness. It is free of asbestos and all fibres exceed 3 microns in thickness and 200 microns in length. Non-hazardous.

Section 4: First Aid Measures

- 4.1. Skin Contact:** Wash skin with water and soap, or a proprietary skin cleanser, followed by an after-wash barrier cream. Do not use solvents, thinners or white spirit.
- 4.2. Eye Contact:** Holding eyelids apart, irrigate eyes copiously with clean fresh water for a minimum of 10 minutes. Seek medical advice if irritation persists.
- 4.3. Ingestion:** Rinse mouth and throat with water immediately. Do not induce vomiting. Dilute stomach contents with water or milk. May cause nausea. Seek medical advice if irritation persists.
- 4.4. Inhalation:** Move to fresh air. Keep warm and rest. If shortness of breath occurs, seek medical advice.

Section 5: Fire-fighting Measures

- 5.1. Fire-fighting Measures:** Non-flammable.

Section 6: Accidental Release Measures

Dispose of as non-hazardous waste, sealed in strong polythene bags.

Section 7: Handling and Storage

Do not eat or drink during use. Observe good industrial hygiene.

Store sealed in unopened bags between 5 degrees and 40 degrees clear of the ground.

Section 8: Exposure Controls / Personal Protection

Do not exceed the current occupational exposure limit for nuisance dusts of 10mg/m³ total dust and 5mg/m³ inhalable dust. The use of suitable goggles mask and gloves are recommended if cutting large quantities of Coated Panel. Wash hands before eating.

Mineral fibre may be an irritant to the skin. If affected, wear strong gloves when handling. As with all dusts, long term exposure to excessive amounts may lead to adverse health effects. Wear a mask to BS 2019 or BS6012 and goggles to BS2092C, especially if working overhead.

Section 9: Physical and Chemical Properties

9.1. Appearance: Off white boards 1200mm x 600mm x 50mm.

Section 10: Stability and Reactivity

10.1. Chemically Stable: Not reactive with other substances.

Section 11: Toxicological Information

No data. Produces little smoke or toxicity at elevated temperatures. Under the European Directive for the classification of man-made mineral fibres 97/69/EC Coated Panel does not contain any fibres classified as having any potential to cause cancer in humans.

Section 12: Ecological Information

Not available.

Section 13: Disposal Considerations

Off cuts and waste should be swept up or vacuumed and placed in strong polythene bags, such as the bags used to package the panels. The waste is non-hazardous. Dispose of at an approval waste site suitable for building waste, observing local regulations.

Section 14 Transport Information

Non-hazardous.

Section 15 Regulatory Information

Non-hazardous.

Section 16: Other Information

The information provided in this safety sheet is correct at the date of its publication, to the best of our knowledge, information and belief. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release, and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process, unless specified in the text. The information contained herein is given in good faith, but no liability will be accepted by the Company in relation to same.

The information is current as of March 2017. Please contact PFC Corofil for updates.
